Information Only ☒

NEW INTERNAL PARTS	EFFECTIVE DATE: NOVEMBER 2026
WTC32ND	

Subject: WTC32ND Internal Part Change

The WTC32ND Temperature Controller has undergone an internal component change involving a new manufacturer for select integrated circuits (ICs). These replacement components maintain the performance and functionality specified in the WTC32ND datasheet. No changes to product operation are required.

Products with lot numbers 2645 and later incorporate the updated components from the new manufacturer. Lot numbers contain the format YYWW, where YY represents the year and WW represents the production week.

CHANGES AND FEATURES:

- Updated manufacturer for select internal ICs
- No changes to product specifications, functionality, or operation

REVIEW THE DATASHEET FOR DETAILED INFORMATION ON PRODUCT SPECIFICATIONS AND OPERATING INSTRUCTIONS.
